

Summer Program 2019

Packing Information

Baggage

Laundry is done 2-3 days a week on campus, so students do not need to pack a large amount and should only bring one medium-size suitcase (the airline might charge for overweight baggage). We also provide sports equipment such as tennis racquets, hockey sticks etc. There is no formal dress requirement but students need to use common sense over what they wear and they might like to pack an outfit for special occasions. Electrical items, including hairdryers, should have a recommended converter pack.
